PTA is a group of parents, family members, teacher, and staff who want to help our school. We all have unique skills, ideas, energy levels, and discretionary time, and we work together to make good things happen throughout the year. We want the children to excel and to know success. We want to keep our school heading in the right direction. We want our teachers and staff to feel appreciated. We want to bridge the gap between the school’s needs and the school’s budget.

We understand and give value to parents who have taken, share and have contributed towards the development of our school.
